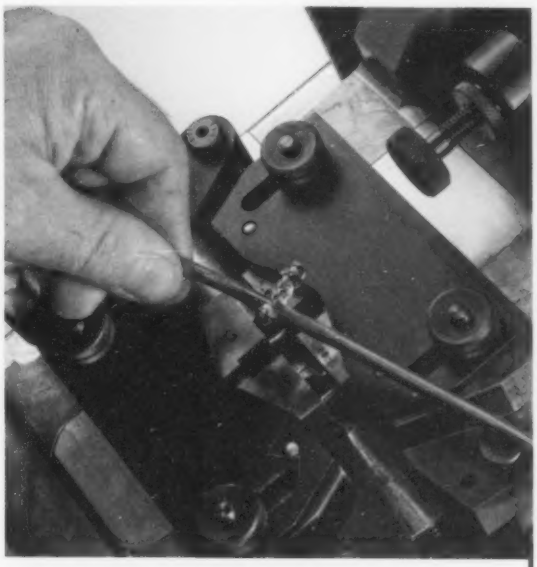
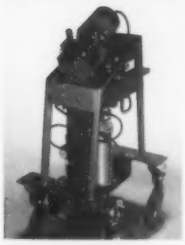
New name for ESTEVES, *p. 20.*

Study: strong SCS market, fiber to expand copper lead, *p. 20.*





High performance under pressure

When you're fixing wire or rod breaks, you need a machine you can trust.

Designed and manufactured to the highest standards in our own UK workshops, our cold welders are easy to operate, require little or no maintenance and produce reliable permanent welds stronger than the parent material.

Manual and low-energy powered models available, with capacities from .003145" (0.08mm) to 1.181" (30mm).

Call for details or visit www.pwmltd.co.uk.

WIRE JOURNAL INTERNATIONAL

Hats off to the world's top cable companies highlighted in February's *Wire Journal International* (*WJI*).

WJI editors tip their hats to the best in the industry with an extended view of the world by region in this second part of the series that that began with a feature in the January 2009 issue.

Be a part of the magic with a display ad touting your company's top feats, while all eyes will be focused on the industry's crowning achievements. A second feature on compound and colorant topics will share the stage.

To formally reserve ad space we invite you to call the *WJI* Sales team today, before this offer disappears.

WANTED!

WORN OUT CROSSHEADS

With over 22 years in service, we understand some manufactures would rather tell you your crosshead or straight head is *"worn out"* than offer a solution to repair it. We are looking for **Junk, Used & New Crossheads** or **Straight Heads** for **Rebuild, Up-grade** and **Buy Back.** Or **Trade In** an existing head for a credit on a new one. One of our experts will be happy to assist you with whatever you need. We offer only the finest OEM Replacements, Complete Design & Manufacturing Capabilities and are proud to be one of the few that still make all of our many products in The United States Of America.

We make ALL different styled crossheads as well as all Tips & Dies. And we make them cheap!

B&H Tool	Camden Extrusion	Canterbury	Davis-Standard
Eurocarb	Genca	Gulll Tool	Maillefer
Microdia	Tips & Dies Inc.	Unitek	All Others

If we can't repair it cheap, Let us buy it!

"It's my goal to give you the quality, service and delivery you want, Not what you have come to settle for".

Sincerely,

Aaron Milliman – Owner
